Peppermint Gym: “preschool program” “walking – **4K” includes 5 yr. olds.
Age group based on age at the start of the session.
Developmentally appropriate gymnastics, tumbling and sports skills that develop eye/hand-eye/foot coordination, balance music/rhythms, trampoline safety and progressions and MORE! Lesson plans change each session and include skills on all the apparatus.

- **Parent & Tot class.** Walking through 3 + yr. with adult.
- **3-4 yr. and 4-5 yr.** Independent. For safety, 3 yr. + must be able to stay with the teacher or an adult will be asked to assist them in class.

Recreational Gymnastics Class 5 yr. and older at the start of the session.
Our staff determines placement based on skills and students will be transferred to appropriate groups by the teachers as needed. **Evaluations are scheduled by appointment.** Move-ups are determined by skills not how many sessions a student has participated in.

- Progressively more advanced drills and skills are introduced at each level. Moving to the next level is by ability and skill performance not how long a child has been in classes. Some students will take longer than others to advance, as all children develop at different rates.
- **All classes include:** Fundamental gymnastics progression including safety, instruction on various gymnastic equipment and trampoline. Developmentally appropriate strength, flexibility, coordination and balance activities. Advancement to the next level requires proficiency/performance of specific skills and drills as determined by our staff.

Tumbling & trampoline (7 yr. +)
Must be able to do a front/back limber to join this group. Appropriate for cheerleaders, dancers, divers.
